

PIN TRADING ETIQUETTE

GOOD MANNERS. GREAT TRADES. STRONGER KREWE.

Great traders aren't just knowledgeable — they're respectful.
Follow these unwritten rules of pin trading to help create
positive experiences and magical memories for everyone.

BE RESPECTFUL

BE KIND & PATIENT

A smile goes a long way!
Be patient with Cast Members and fellow traders — everyone is here to have fun.

THANK CAST MEMBERS

Cast Members make the magic possible. A simple "thank you" is always appreciated!

KEEP BOARDS NEAT

If you take a pin, make sure the board still looks full and inviting. Help keep the magic looking its best!

ASK FIRST

It's okay to ask if a pin is available, especially at events or in personal collections.

FAIR TRADING PRACTICES

TRADE FAIR

Aim to trade pins of equal value. Rarity, limited edition status, and condition all matter.

KNOW YOUR PINS

Familiarize yourself with pin values, series, and authenticity so you can trade with confidence.

HONESTY IS KEY

Always be honest about your pins. No one likes sticker swaps or misrepresented trades.

WHAT TO AVOID

NO STICKER SWAPS

Stickers aren't pins. Always trade real Disney pins — never stickers.

DON'T TRADE DAMAGED PINS

Pins in poor condition or with major flaws aren't fair to trade. Check before you trade!

DON'T GRAB

Always ask before touching a board or someone's pins. Be courteous and respectful.

PIRATE PRO TIP

Treat every trade like you're welcoming a new crewmate to your collection. Respect, fairness, and kindness make our pin trading community the best on any sea!

BE RESPECTFUL. BE FAIR. BE PART OF THE KREWE.
